

External SCSI adapter HPDB50 male to C50 female

Product number SA-210

Product description

External SCSI adapter HPDB50 male to C50 female

key features

- SCSI adapter
- for external use
- CONNECTION 1: Centronics 50 female (also known as Cen50 female, C50f)
- CONNECTION 2: HP-DSub-50 male (also known as HPDB50m or Mini-DSub-50m)
- 1:1 connected
- Ultra-Speed suitable up to 20 MByte/s

Application

The SCSI adapter offered here is used to adapt a standard SCSI cable with a large 50-pin SCSI connector to HP-DSub-50 male (with contact pins). HP-DSub-50 connectors are sometimes also referred to as SCSI-II connectors or Mini-DSub-50. HP-DSub-50 sockets can be found, for example, on numerous SCSI-II controllers, scanners or external SCSI hard disk housings.
