

19 inch 8-way Power Strip with overvoltage protection

Product number KPW-400

Product description

19-inch socket strip aluminium, 8-way, overvoltage protection, LED, GS, black, cable length 1.80m

Details

- 8x protective contact socket (black)
- Overload protection: 16A
- Connection cable: 1.80 m, safety plug E+F (90° angled), 3 x 1.5mm², H05VV-F
- Material: Aluminium housing for high stability and durability
- LED indicators: Power, overvoltage, earthing
- Certification: CE, GS

Surge protection unit

- Rated voltage: 250V AC, 50/60Hz
- Rated load current: 16A
- Max. Power (Pmax): 4000W
- Max. Continuous operating voltage (Uc): 320V AC
- Measured limit voltage (Ur): <1000V
- Rated leakage current (In, 8/20µs): 10kA
- Voltage protection level (Up): <1000V
- Response time (tA): <25ns
- Protection class: L-N, L-PE, N-PE
- Fire resistance: up to UL 94V-0
- Operating temperature: -40°C to +70°C
- Relative humidity: up to 95
