- max. 2.5A
- color: black
- weight: about 32gr
- customs tariff no. 85444290, Made in PRC
- CE, WEEE, RoHS compliant

Description

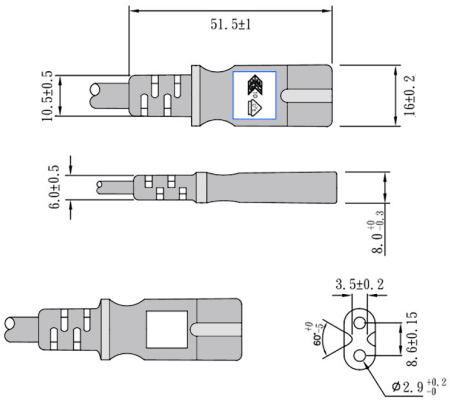

This power cable with a Euro plug to C7 connector and a length of 0,20 meters is specifically designed for the European market. The cable's black color ensures a professional and discreet integration in any office or production environment. A cable cross-section of 2 x 0.75mm² guarantees efficient and safe power transmission, while the high-quality H03VVH2-F material offers great flexibility and durability. Comprehensive certifications such as ENEC, VDE, and others underscore adherence to the highest safety and quality standards.
